

The background is a light cream color, heavily decorated with abstract splatters and lines. Large, irregular shapes in dark blue, yellow, and green are scattered across the page. Thin, delicate lines in pink, blue, and yellow crisscross the background, some forming loops or webs. Small dots and speckles of various colors (red, green, blue, yellow) are also present, adding to the overall abstract and artistic feel.

The tie that binds
us together is red
or green, blue or
yellow. But even
when we grow out
of those narrow
fabrics, the emotional
tie remains in our
hearts forever. . .

True friendship is a plant of slow growth
And must undergo and withstand
The shocks of adversity
Before it is entitled to the appellation.

As I look around
These hallowed halls
I think of all the
Bells and calls.
Of Annie plaid
Of red and blue
Of fighting for
Just the right shoe.
But most of all I hear
Laughter and cheer
The goodness of the sight
Of this school called
Annie Wright.

SENIORS

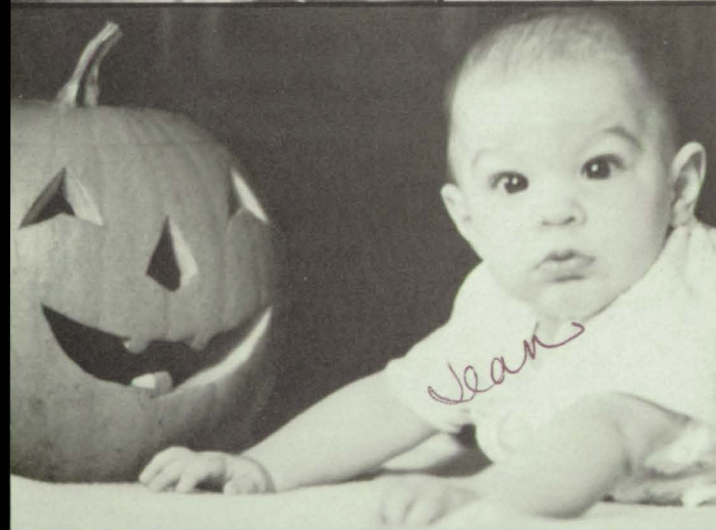

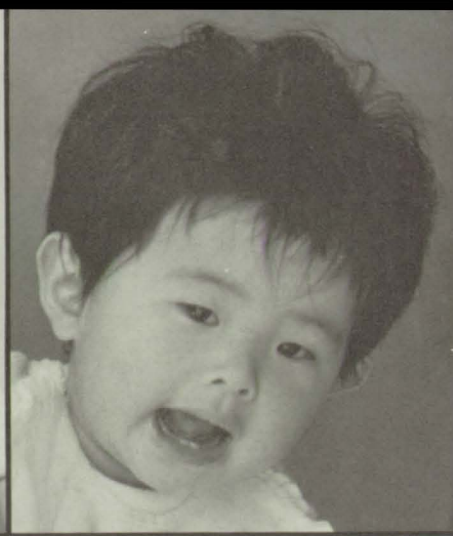

Yes, I do
HATE this picture

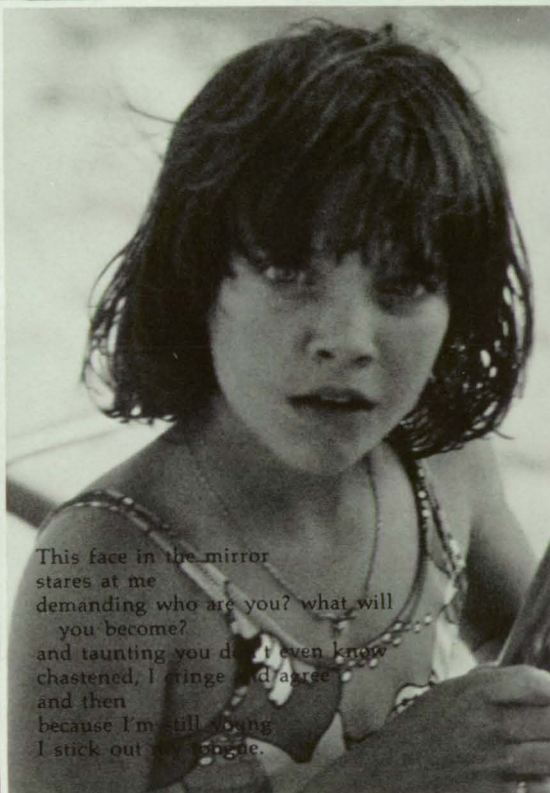

The easiest is loving you...
the best is being your friend.

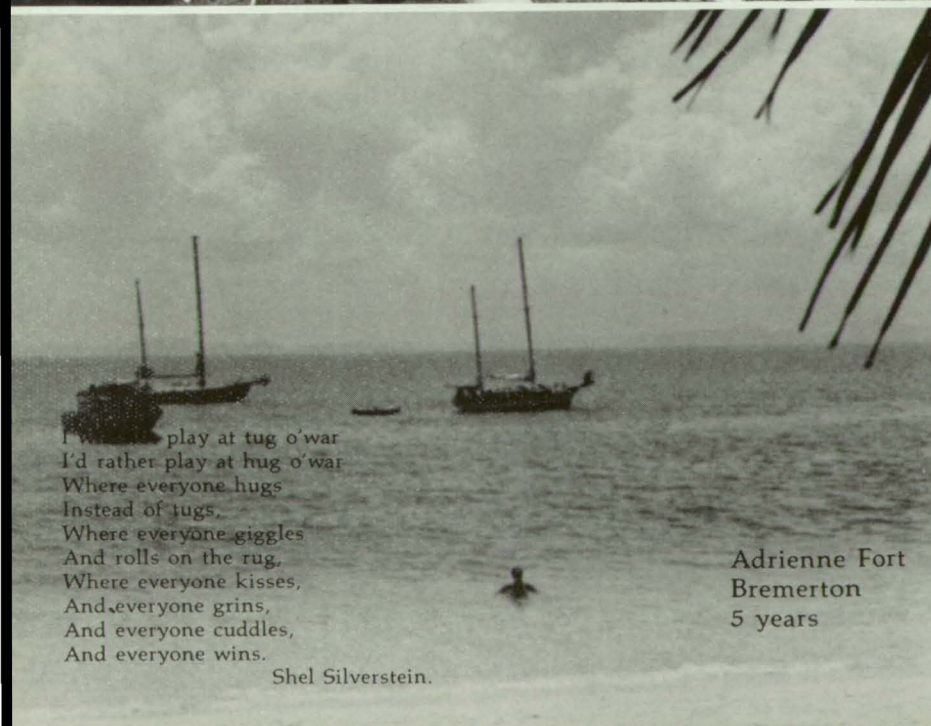

Those enemies are often the best of friends.

There's too much to say...
without you I never have made it.

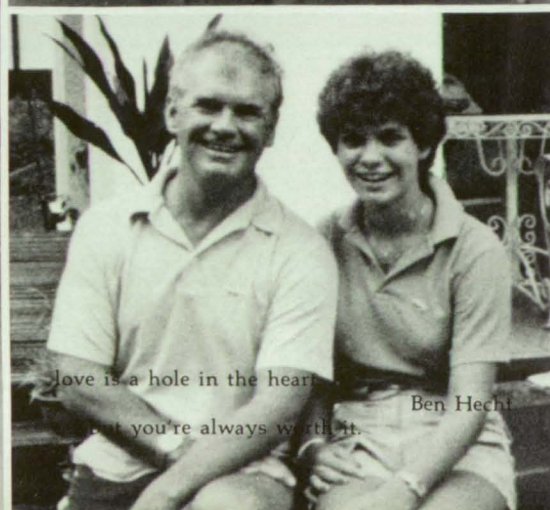

This face in the mirror
stares at me
demanding who are you? what will
you become?
and taunting you don't even know
chastened, I cringe and agree
and then
because I'm still young
I stick out my tongue.

I wouldn't play at tug o' war
I'd rather play at hug o' war
Where everyone hugs
Instead of tugs,
Where everyone giggles
And rolls on the rug,
Where everyone kisses,
And everyone grins,
And everyone cuddles,
And everyone wins.

Friendship
The meaning of friendship is
really quite clear
It's the way I feel towards you, it's
sincere
Not the world or the skies could
keep me away
I need your smile and caring with
me everyday
No matter how near or far we live
To you my best friend my love
and smiles I give
You're really a true friend so
sweet and so dear
Everytime I think of you I shed a
tear
Remember the fun and good times
we had together
All those fun things I'll forget?
Never!
All the troubles, guys and fun
things we've been through
Just wouldn't have been fun if it
hadn't been for you
The point of this poem is simply
to say
Thanks for being there all of the
way!

How do you like to go up in a
swing up in the air so blue?
Oh, I do think it was the
pleasantest thing ever a child
could do!

Up in the air and over the wall,
Till I can see so wide
Rivers and trees and cattle and all
over the countryside—

Till I look down on the garden
green, Down on the roof so
brown—
Up in the air I go flying again,
Up in the air and down!

Behold the wonders of the mighty
deep
Where crabs and lobsters learn to
creep
And little fishes learn to swim,
And clumsy sailors tumble in.

What is Love?

Love is something no one can live without.

For when you love

you feel part of something great,
something special.

Something that cannot be compared to
anything else in the world,

How special it is to love,
to receive love.

To spread love is to be happy,
to be human,
to be yourself.

Where would this world be without love?
Nowhere!

Love is so powerful.

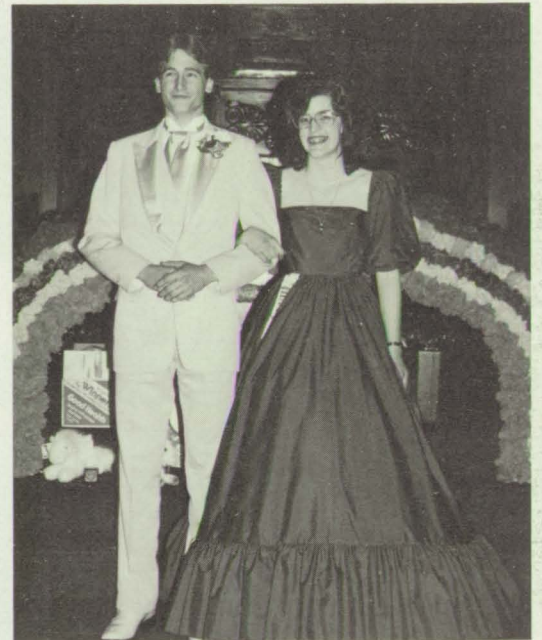

To spread love around the world is a goal
we must reach to receive peace.

To be loved is to give love.

For only then can we

Spread Love Around the World.

Thank you, everyone!

I was watching a movie the other
night on T.V.
The actress reminded me of you
Her attitude, the way that she
smiled
She was doing a part girl, like
you used to do
I do believe you played it better,
If it wasn't better, it was just as
strong
I would have called you up on
the telephone that night
But somehow girl, it'd been all
wrong
I heard you had married a
stranger
In a horse and carriage covered
with gold
Well, you wanted to be different
and still fit in
I wonder if you feel different at
all now that you're older
Hope you didn't lose that
innocent laughter
Oh, God I hope time didn't take
that away

Cari & Christa,

Conversing in the dome with souls that soon shall meet again. Connected by a chord, Joys of past relived. Walking towards addiction, yet away from reality. As the red departs the old stays still, outer says we'll see again inner says it won't connect- by the chord once again offing in the destination. Different Destinations.
